Certificate of accreditation as a Biosecurity Certifier

This accreditation is issued in accordance with Part 14 of the *Biosecurity Act 2015* (The Act) and authorises the Biosecurity Certifier ('You') to issue Plant Health Assurance Certificates under the operational procedure(s) and additional accreditation(s) listed below subject to the following condition(s):

- You must ensure that the provisions of The Act and any instruments under The Act are complied with in relation to the carrying on of any activity authorised by this accreditation.
- You must operate in accordance with the requirements and procedures of the operational procedure/s listed below and only on or in any premises to which this accreditation relates.
- You must ensure that Plant Health Assurance Certificates are only issued by persons who you have let us know will be issuing Plant Health Assurance certificates on your behalf.
- You must notify us of any change in details within 7 days.
- If the operational procedure(s) you are accredited for requires a map to be made and maintained, that map is to be kept current and made available at audit and otherwise on request.

Interstate Produce (IP) Number: N2016

This accreditation allows the issuing of certificates for the operational procedure(s) listed below at the accredited facility(ies):

Operational procedure(s)

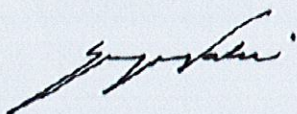

ICA04 Fumigation with Methyl Bromide
